How to play

1. **Pick a mission**
   Rainbow Run, Aisle Explorer or Try-It Trail. Each mission page has the clues.

2. **Read the clue together**
   Each clue is a little rhyme about a food. The page tells you which part of the store to look in.

3. **Find the real food**
   Look, smell, touch, listen or weigh. Nothing needs to be bought, opened or tasted. A grown-up decides about touching.

4. **Stick the sticker**
   Find that friend on the sticker sheets, match the picture to its grey shadow in this passport and stick it on. Tick the stop on the mission page.

5. **Fill your Rainbow plate**
   Find one friend of every colour: red, orange, yellow, green, blue/purple and white/brown.

Good to know for grown-ups:

- Each friend has a small Home tag. It tells you where the character comes from, not where the food in your store was grown.
- Chilies are look only. Coffee is smell only. Nothing is tasted unless a grown-up says so.
- The Pauli's Store Mission app works the same way, on a phone, with no account. Stamps stay on the phone.
- Rare friends arrive as postcards, so you never need to find them in a store.
